Dear Sir:

37 CFR 1.63(a)(2) requires that each inventor be identified by full name, including the family name, and at least one given name without abbreviation together with any other given name or initial in the oath or declaration. The oath or declaration is defective because the full given name of inventor Francis T. McQuade has not been adequately stated.

Applicant requests to have the name changed to the full given name Francis T. McQuade and hereby petitions for such action under 37 CFR 1.182 as specified in MPEP 8th 6.05.18.

Under separate cover, applicant has requested that the name of inventor Francis T. McQuade be similarly corrected in Ser. No. 60/323,651 and that of Charles L. Barto be added.

Attached is a replacement Declaration.
